Description

NEW Maxiglide XC is the original rub-in performance coating for the "wax-less" XC ski bases. When fun is the priority and ski base prep is not, Maxiglide XC will give you very good glide, prevent ice and snow build-up and keep your XC skis running all day without problems.

NEW Maxiglide MAXX-WAXX Is the easiest and quickest way to treat all skis and boards. Simply rub-in base for smooth, all day skiing. Best in high humidity snow and changing conditions, when temperatures are 26 F or above. Applicator included.

Purchase options also include 2 Maxiglide XC or 2 Maxiglide MAXX-WAXX for $24.50.
